

**A BAKKEN-FIRST APPROACH,
WORKING WITH YOU TO OPTIMIZE
PROVEN SOLUTIONS.**

NORTHERN OILFIELD SERVICES:

REVOLUTIONIZING WELL MAINTENANCE WITH MYNOS APP

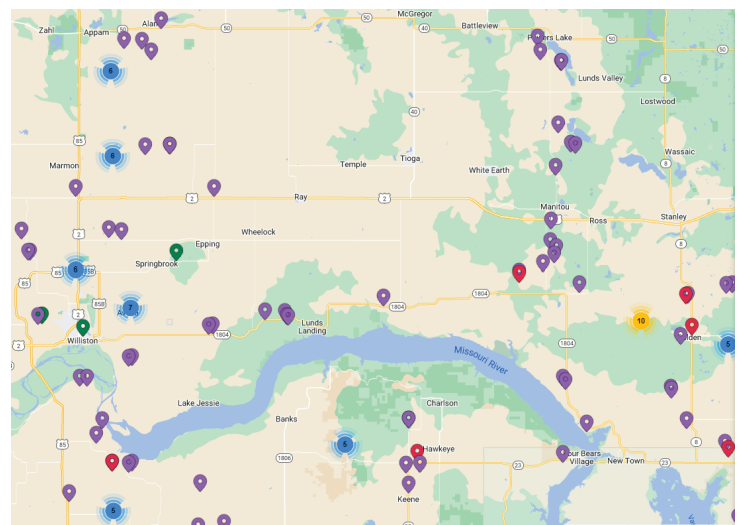

KEY FEATURES:

- ▶ **Search by Well, Status, and Location:** Quickly and effortlessly locate wells by their unique identifiers, current status, or geographical location. No more wasted time; find exactly what you need when you need it.
- ▶ **Turn-by-Turn Directions:** Our software provides precise turn-by-turn instructions to each well location, ensuring your team arrives promptly and safely, optimizing your operations and reducing downtime.
- ▶ **Yearly Maintenance Records:** Keep a detailed annual record of all maintenance activities and services provided. Stay compliant, organized, and always prepared for audits or inspections with easily accessible documentation.
- ▶ **Intuitive Interface:** Our user-friendly interface is designed for immediate access to critical information. Quickly reference problem wells and other essential data to make informed decisions on the go.

EXPERIENCE THE FUTURE OF WELL MAINTENANCE

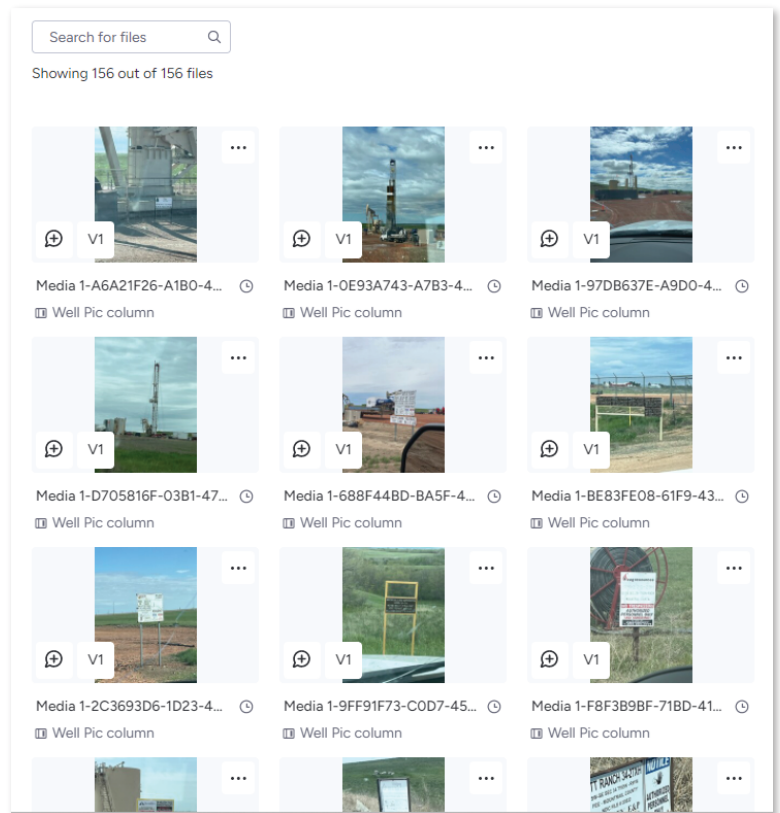

Welcome to the forefront of well maintenance technology with Northern Oilfield Services. Introducing the Bakken's only comprehensive tracking software designed specifically for well maintenance.

Why Choose Northern Oilfield Services?

With the MyNOS App, you get more than just well maintenance tracking. Our app also includes:

- ▶ **Up-to-Date Customer Property Management:** Manage all your assets seamlessly, ensuring you have real-time information at your fingertips.
- ▶ **Ordering Portal:** Order everything you need for the field directly through the app, streamlining your procurement process and saving valuable time.
- ▶ **Unique Tracking Interface:** Benefit from a one-of-a-kind tracking system that sets the standard in the Bakken region.

Couple your well maintenance with the only fully operational refurbishment program in the Bakken. Trust Northern Oilfield Services to provide a comprehensive, integrated solution that enhances efficiency, safety, and productivity.

EXPERIENCE THE FUTURE OF WELL MAINTENANCE WITH NORTHERN OILFIELD SERVICES AND THE MYNOS APP. YOUR OPERATIONS, SIMPLIFIED.
